

but only if such gains are deposited into the fund, and shall not be allowed as an offset to any capital gains on assets not held in the fund. The net long-term capital loss of the fund for the taxable year shall reduce the earliest long-term capital gains in the capital gain account at the beginning of the taxable year and the next short-term capital loss for the taxable year shall reduce the earliest short-term capital gains remaining in the ordinary income account at the beginning of the taxable year. Any such losses that are in excess of the capital gains in the respective accounts shall reduce capital gains deposited into the respective accounts in subsequent years (without regard to section 1212, relating to capital loss carrybacks and carryovers). On termination of a fund, any net long-term capital loss in the capital gain account and any net short-term capital loss remaining in the ordinary income accounts is to be taken into account for purposes of computing the party's taxable income for the year of termination as a long-term or short-term (as the case may be) capital loss recognized in the year the fund is terminated. With respect to the determination of the basis to a fund of assets held in such fund, see § 391.2(g).

§ 391.5 Qualified withdrawals.

(a) *In general.* (1) A qualified withdrawal is one made from the fund during the taxable year which is in accordance with section 670(f)(1) of the Act, the agreement, and with regulations prescribed by the Secretary of Transportation and which is for the acquisition, construction, or reconstruction of a qualified vessel (as defined in § 391.11(a)(2)) or barges and containers which are part of the complement of a qualified vessel (or shares in such vessels, barges, and containers), or for the payment of the principal of indebtedness incurred in connection with the acquisition, construction, or reconstruction of such qualified vessel (or a barge or container which is part of the complement of a qualified vessel).

(2) For purposes of this section the term *share* is used to reflect an interest in a vessel and means a proprietary interest in a vessel such as, for example, that which results from joint owner-

ship. Accordingly, a share within the meaning of § 391.2(f) (relating to the definition of "agreement vessel" for the purpose of making deposits) will not necessarily be sufficient to be treated as a share within the meaning of this section.

(3) For purposes of this section, the term *acquisition* means any of the following:

(i) Any acquisition, but only to the extent the basis of the property acquired in the hands of the transferee is its cost. Thus, for example, if a party transfers a vessel and \$1 million in an exchange for another vessel which qualifies for nonrecognition of gain or loss under section 1031(a) of the Code (relating to like-kind exchange), there is an acquisition to the extent of \$1 million.

(ii) With respect to a lessee's interest in a vessel, expenditures which result in increasing the amounts with respect to which a deduction for depreciation (or amortization in lieu thereof) is allowable.

(b) *Payments on indebtedness.* Payments on indebtedness may constitute qualified withdrawals only if the party shows to the satisfaction of the Secretary of Transportation a direct connection between incurring the indebtedness and the acquisition, construction, or reconstruction of a qualified vessel or its complement of barges and containers whether or not the indebtedness is secured by the vessel or its complement of barges and containers. The fact that an indebtedness is secured by an interest in a qualified vessel, barge, or container is insufficient by itself to demonstrate the necessary connection.

(c) *Payments to related persons.* Notwithstanding paragraph (a) of this section, payments from a fund to a person owned or controlled directly or indirectly by the same interests as the party within the meaning of section 482 of the Code and the regulations thereunder are not to be treated as qualified withdrawals unless the party demonstrates to the satisfaction of the Secretary of Transportation that no part of such payment constitutes a dividend, a return of capital, or a contribution to capital under the Code.

(d) *Treatment of fund upon failure to fulfill obligations.* Section 607(f)(2) of the Act provides that if the Secretary of Transportation determines that any substantial obligation under the agreement is not being fulfilled, he may, after notice and opportunity for hearing to the party, treat the entire fund, or any portion thereof, as having been withdrawn as a nonqualified withdrawal. In determining whether a party has breached a substantial obligation under the agreement, the Secretary will consider among other things, (1) the effect of the party's action or omission upon his ability to carry out the purposes of the fund and for which qualified withdrawals are permitted under section 607(f)(1) of the Act, and (2) whether the party has made material misrepresentations in connection with the agreement or has failed to disclose material information. For the income tax treatment of nonqualified withdrawals, see § 391.7.

§ 391.6 Tax treatment of qualified withdrawals.

(a) *In general.* Section 607(g) of the Act and this section provide rules for the income tax treatment of qualified withdrawals including the income tax treatment on the disposition of assets acquired with fund amounts.

(b) *Order of application of qualified withdrawals against accounts.* A qualified withdrawal from a fund shall be treated as being made: First, out of the capital account; second, out of the capital gain account; and third, out of the ordinary income account. Such withdrawals will reduce the balance within a particular account on a first-in-first-out basis, the earliest qualified withdrawals reducing the items within an account in the order in which they were actually deposited or deemed deposited in accordance with this part. The date funds are actually withdrawn from the fund determines the time at which withdrawals are considered to be made.

(c) *Reduction of basis.* (1) If any portion of a qualified withdrawal for the acquisition, construction, or reconstruction of a vessel, barge, or container (or share therein) is made out of the ordinary income account, the basis of such vessel, barge, or container (or

share therein) shall be reduced by an amount equal to such portion.

(2) If any portion of a qualified withdrawal for the acquisition, construction or reconstruction of a vessel, barge, or container (or share therein) is made out of the capital gain account, the basis of such vessel, barge, or container (or share therein) shall be reduced by an amount equal to—

(i) Five-eighths of such portion, in the case of a corporation (other than an electing small business corporation, as defined in section 1371 of the Code), or

(ii) One-half of such portion, in the case of any other person.

(3) If any portion of a qualified withdrawal to pay the principal of an indebtedness is made out of the ordinary income account or the capital gain account, then the basis of the vessel, barge, or container (or share therein) with respect to which such indebtedness was incurred is reduced in the manner provided by paragraphs (c) (1) and (2) of this section. If the aggregate amount of such withdrawal from the ordinary income account and capital gain account would cause a basis reduction in excess of the party's basis in such vessel, barge, or container (or share therein), the excess is applied against the basis of other vessels, barges, or containers (or shares therein) owned by the party at the time of withdrawal in the following order: (i) Vessels, barges, or containers (or shares therein) which were the subject of qualified withdrawals in the order in which they were acquired, constructed, or reconstructed; (ii) agreement vessels (as defined in section 607(k)(3) of the Act and § 391.11(a)(3)) and barges and containers which are part of the complement of an agreement vessel (or shares therein) which were not the subject of qualified withdrawals, in the order in which such vessels, barges, or containers (or shares therein) were acquired by the party; and (iii) other vessels, barges, and containers (or shares therein), in the order in which they were acquired by the party. Any amount of a withdrawal remaining after the application of this paragraph is to be treated as a nonqualified withdrawal. If the indebtedness was incurred to acquire two or more vessels,
